

An aerial night photograph of Sochi, Georgia. The word 'SOCHI' is written in large, glowing yellow-green 3D letters across the top. In the background, the Tsakadze Church with its tall spire is illuminated. The foreground shows a marina with several boats docked and a large, brightly lit building with a red roof. The sky is a deep blue with some clouds.

SOCHI

Sochi is a city where
there is no boredom!

Tserekidze George
Sizova Ksenia

Hello! My name is George! I live in the city of Sochi. There are so many interesting places in my city, which I really love!

Hello! My name is Ksenia! I also live in the city of Sochi. But as for me, my places are more interesting than yours, George!

My most interesting places in Sochi:

PARK "RIVIERA"

DENDRARIUM

OLYMPIC PARK

KRASNAYA POLYANA

CIRCUS

And these are my most interesting places in Sochi:

SEA PORT

WINTER THEATER

EAGLE ROCKS AND AGURA WATERFALLS

THE TREE OF FRIENDSHIP

MOUNTAIN AKHUN

PARK "RIVIERA"

The best place in Sochi is the Riviera Park! I really like to rest there! In the park there are many interesting attractions, a sports town, a fountain of Love, a Glade of Friendship, a reconciliation bench, the Green Theater, where concerts, a dolphinarium, an oceanarium are held!

SEA PORT

And I think that the seaport of Sochi is much more interesting! I like walking here along the seaside, resting by the fountain, admiring the beautiful sunsets from the rotunda! And there are many beautiful yachts and boats, where you can take a walk to the open sea and meet dolphins there!

Ksenia

DENDRARIUM

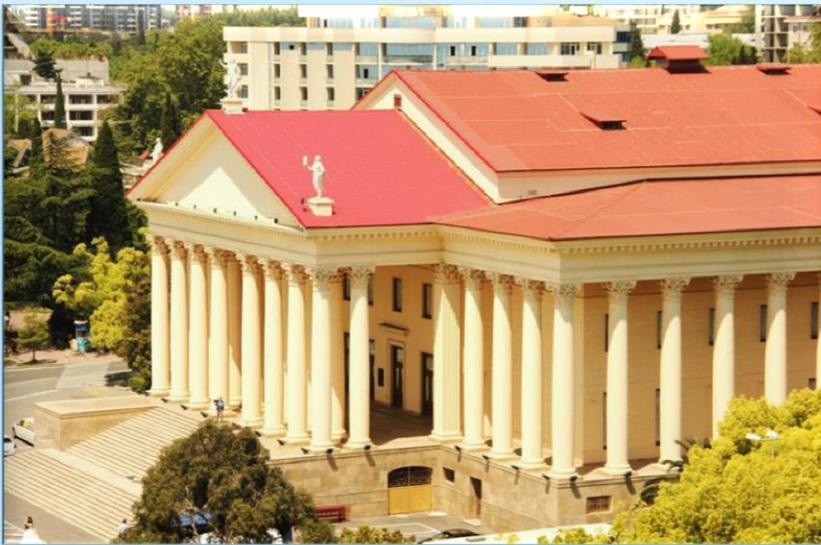

Yes, I absolutely agree with you. And do you know that you can have a good time at the Dendrarium? And you can see there a lot of exotic and rare plants that are brought to the park from different parts of the world. In addition, the arboretum is proud of rare animals and birds living in it, as well as a cable car, with spectacular views of the mountains and the sea!

George

WINTER THEATER

By the way, near the Dendrarium is the Winter Theater - a visiting card of Sochi and the main theater and concert venue in the south of Russia! Musical and theatrical festivals are held in the theater and I have already performed several times on the stage of the Winter Theater! George, do you know how many columns surround the theater?

Ksenia

OLYMPIC PARK

Of course, I know - 88 columns!
Ksenia, do you know what is my
favorite place in Sochi?
This is the Olympic Park!!! In the
sports facilities of the park the
competitions of the XXII Olympic
and XI Paralympic Winter Games
were held. A lot of interesting
events are there, for example, on
the track "Sochi Autodrome" is the
stage of Russia Formula 1! And in
the amusement park "Sochi Park" we
are waiting for acquaintances and
characters of your favorite Russian
children's fairy tales.

EAGLE ROCKS AND AGURA WATERFALLS

George, do you remember the legend of Prometheus, who gave fire to people, and for this he was chained to the rock, doomed to torture? The place, where according to legend, these events took place, is the Eagle rocks! By the way, there are nearby Agura waterfalls, which do not leave indifferent any tourist! And still there you can make an excellent photo shoot in nature!

KRASNAYA POLYANA

I also love nature! Especially beautiful nature of Krasnaya Polyana! By the way, Krasnaya Polyana is a famous ski resort, where from December to April you can go skiing or snowboarding. And in the same area there is Sky Park, there is the longest suspended pedestrian bridge in the world! In the park you can get an unforgettable experience!

George

THE TREE OF FRIENDSHIP

Yes, Sky Park is really interesting... But have you ever been at the Sochi garden museum "Tree of Friendship"? There, a unique tree grows, in the crown of which 45 different kinds of citrus are mixed! The Tree of Friendship is a symbol of peace among nations. I advise everyone to visit this amazing place!

CIRCUS

And I still like to go to the circus! Sochi Circus is considered the most popular circus in Russia. There were such circus stars as Pencil, Kuklachev, Popov and Nikulin, loved by all. All year round the circus shows performances of popular circus artists. Especially I like walks on circus horses and photos on huge elephants!

MOUNTAIN AKHUN

George, you can ride horses on Mount Akhun! It is visible from afar! And on its top is an observation tower, which looks like a medieval fortress. From the observation platform at the top of the tower you can watch such beautiful views around: the sea, the city, and snowy mountain peaks. Everyone should visit it and admire the beautiful scenery!

Ksenia, you right, in Sochi there are many interesting places! But the main thing that is in our city is the Black Sea!

Ksenia

George

Yes, it is no accident that our city is considered a "corner of happiness", where you can forget about all your problems for a while and plunge into the world of sun, sea and mountains!

WELCOME TO SOCHI!!!
